LESSON STARTER

SAFE | 5 MIN STARTER

Who's really behind the screen?

AI-generated content, deepfakes and how to check what is real

THE BIG QUESTION

If you couldn't tell whether a video of your friend was real or AI-generated, what would you do?

DID YOU KNOW?

SAFE DID YOU KNOW?

1 in 17

young people have been targeted by deepfake image abuse.

Sources cited in our lesson slides: Thorn Research 2025, European Parliament 2025, European Commission.

SAFE | THREE HABITS

Staying safe in an AI world

01 Stop

Before sharing, ask: could this be AI-generated?

02 Verify

Check the source, search the image, or ask a trusted adult.

03 Report

AI-generated intimate images of anyone are illegal. Tell a trusted adult.

KEY TAKEAWAY

Think before you post.

LESSON STARTER

SMART | 5 MIN STARTER

How does AI actually ‘think’?

Understanding the technology behind the tools you use

THE BIG QUESTION

When you ask ChatGPT a question, do you think it ‘understands’ you the way a human would?

DID YOU KNOW?

SMART DID YOU KNOW?

92%

of UK university students use AI for academic work.

Source: HEPI Survey 2025, as cited in our lesson slides.

SMART THREE HABITS

Being AI-smart

01 Know what it is
A pattern-matching tool, not a thinking being.

02 Verify
Check what matters against reliable sources before you trust or share it.

03 Be specific
The more specific your question, the better the output.

KEY TAKEAWAY

Autocomplete, not an oracle.

LESSON STARTER

CREATIVE | 5 MIN STARTER

AI as your creative partner

Using AI to amplify human creativity, not replace it

THE BIG QUESTION

If AI helped you write a story or create artwork, is it still your creation?

DID YOU KNOW?

CREATIVE DID YOU KNOW?

Top 5

Creative thinking is one of the top five skills employers want.

Source: World Economic Forum, Future of Jobs Report 2025, as cited in our lesson slides.

CREATIVE THREE HABITS

Three ways to keep the work yours

01 **Brainstorm with it**
Generate ten ideas, then pick and improve the best one.

02 **Bring yourself**
Your experiences and perspective are what make work original.

03 **Start, do not finish**
AI is a starting point, not the finish line.

KEY TAKEAWAY

You are still the author.

LESSON STARTER

RESPONSIBLE | 5 MIN STARTER

The hidden costs of AI

The environmental footprint of AI and the data centres that power it

THE BIG QUESTION

Every time you use AI, it uses electricity and water. Should we care?

DID YOU KNOW?

RESPONSIBLE DID YOU KNOW?

NYC

AI's estimated carbon footprint in 2025 was about the same as New York City's.

Sources cited in our lesson slides: Nature Sustainability 2025, International Energy Agency 2025, MIT. An estimate, not a measurement.

RESPONSIBLE THREE HABITS

Using AI responsibly

01 Think first
Do you really need AI for this task?

02 Check yourself first
Simple questions often don't need AI at all.

03 Ask for transparency
We need to know AI's true environmental cost.

KEY TAKEAWAY

Thoughtfully, not never.

LESSON STARTER

FUTURE | 5 MIN STARTER

Your AI-ready future

Preparing for careers in an AI-transformed world

THE BIG QUESTION

If AI can do many jobs faster than humans, what skills will make you valuable?

DID YOU KNOW?

FUTURE DID YOU KNOW?

+78m

net new jobs by 2030: 170 million created, 92 million displaced.

Source: World Economic Forum, Future of Jobs Report 2025, as cited in our lesson slides.

THREE HABITS

FUTURE THREE HABITS

Building your AI-ready skillset

01 **Lead with human skills**
Critical thinking, communication, creativity and empathy.

02 **Learn to work with AI**
AI literacy is valuable now, in almost every job.

03 **Stay adaptable**
The ability to learn new skills is the skill.

KEY TAKEAWAY

Collaborate, and stay human.

READY FOR THE BOARD

Slides and a plan, ready to go.

Slides
Show them on the board

Timed steps
Know what to do and when
